However great your Sunday morning service surveys show that 90% of the UK population will never walk up the path to the church door.

For Starters is for anyone who wants to go out to and engage with that 90%. It is for those who have been doing it for a while – and need encouragement, refreshment and new ideas, and for those who know it's important but have no idea where or how to start.

Why Come to this For Starters?

- ✓ We are privileged to have two national leaders in the area – Mike Moynagh has literally written the book on how to do it!
- ✓ Hear how pioneering and Fresh Expressions are growing and impacting the way we all do and think about church.
- ✓ Meet other pioneers and people like you who are trying it out – network, hear stories and get some great ideas.
- ✓ Share your experiences – successes and failures – so we can all learn and be encouraged.
- ✓ It's FREE (Open to all denominations and churches)
